Serial No.: 10/645,958
Filed: Aug. 22, 2003
Amendments to the Claims:

This listing of claims replaces all prior versions, and listings, of claims in the application.

Listing of Claims:

1. - 120. (cancelled)

121.   (currently amended) A method of providing a translated foreign language communication to a ~~receiver~~ recipient of a foreign language communication, the method comprising:

determining a preferred language of the recipient;

receiving the foreign language communication and a translation information segment, where the translation information segment comprises ~~identifies~~ a Universal Resource Locator (URL) address of ~~pointer to~~ a pre-existing translation of the foreign language communication in the preferred language of the recipient;

~~selecting the foreign language communication for translation;~~

automatically parsing the foreign language communication, without input from the ~~receiver~~ recipient, to extract the translation information segment; and

using the ~~pointer~~ URL address to retrieve and provide the translated foreign language communication to the recipient ~~receiver~~.

122.   (previously presented) The method of claim 121, wherein an application that parses the foreign language communication comprises a web browser for web pages, an email program for email, or a word processor for text documents.

123.   (previously presented) The method of claim 121, wherein the foreign language communication comprises a plurality of translation information segments.

124.   (previously presented) The method of claim 123, wherein each translation information segment in the plurality of translation information segments comprises parameters for translation of a portion of the foreign language communication.

125. – 128. (cancelled)
